Academic Bank of Credits (ABC) - Background

- Academic Bank of Credit (ABC), as envisaged in the **National Educational Policy-2020** is a National-level facility to promote flexibility of curriculum framework and interdisciplinary/multidisciplinary academic mobility of students with appropriate "Credit Transfer" mechanism.
- Another initiation from MoE is the **National Credit Framework (NCrF)** shall be an inclusive umbrella Framework to seamlessly integrate the credits earned through school education, higher education and vocational & skill education.
- Popular Initiatives like SWAYAM, Online Programme from Universities or the upcoming Digital University are increasingly providing flexibility to both learners as well as HEIs.
- These paradigms unfolding today requires an UPI kind of framework in education – and ABC is expected to provide that framework that may be used by thousands of institutions

Emerging need of ABC

- Skills demanded are myriad, and so are the methods of acquiring the same: recognition of diverse efforts/skill can be facilitated
- Unlocking creativity at “byte-size” for the institutions and individual faculty members – in terms of credit offerings
- Allows institutions to work on some tailor-made courses in conjunction with experts/start-ups/industry partners
- Would help in create institutional capacity and efficiency by breaking the conventional fixed-curricula approach
- This would put Indian education system at par with some good education/credit system across the world. E.g. The European Credit Transfer System (ECTS), Credit Hours in USA etc.

Understanding ABC

- ABC is a virtual/digital repository that houses data on the credits that certain students have accrued.
- Academic Bank Account, an unique account operated by the student, where academic credits earned gets Accumulated, Recognized, Transferred, And Redeemed.
- The platform has been developed by The National e-Governance Division (NeGD) of the Ministry of Electronics and Information Technology (MeitY)
- Total No of Institutions Registered with ABC: 740
- Total No of ABC ID Created: 3752524
